My Dear Dr. Gray

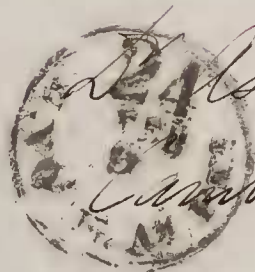

I had not intended to take
Wrights plants — for I am getting
poor sold — However now they
are laid out for me let them
come. I write in haste having
unluckily mislaid y. V. of Dec. 10.
and being on the point of running
into the country for a day or two.

I shall send back Wrights dupl.
Orchids — along with dried plants
for you sometime this Spring —
that is to say if the four thousand
have not eaten you. Yours truly

John Lindley
